

Bus Rider's Safety Handbook

Working together to make a difference

BUS RIDER'S SAFETY HANDBOOK

The Goal of this Bus Rider's handbook is to help provide a safe and enjoyable experience for our children who ride the bus.

The school district is in need of your help and cooperation. It is important that every student understand the standards outlined in this handbook and be encouraged by his or her parents or guardians to follow the rules and regulations. Please read and discuss this handbook with your child(ren).

Video surveillance may be in operation on your child's bus to help in maintaining a safe and orderly bus environment. Federal law prohibits the school district from releasing the video to any member of the public except to law enforcement officials (Family Educational Rights and Privacy Act).

DISCIPLINE

Bus Discipline Procedures: ***RIDING A SCHOOL BUS THAT SERVES THIS DISTRICT IS A PRIVILEGE.*** The driver is recognized as the authority on the bus and has control over daily operations. Cooperation of every rider is necessary for the safety and comfort of all.

1. The Assistant Principal of each campus shall be responsible for enforcing discipline on all buses. All transportation personnel are authorized to ensure that department and district discipline management guidelines are followed.
2. The Assistant Principal or designee will investigate a violation and contact parents by phone, mail or safety notice if their child is involved in inappropriate behavior. If consequences dictate a suspension, the parent/guardian will be notified by phone or home delivery of the suspension dates.
3. Misconduct will be reported by the driver to the Assistant Principal or designee using a Bus Safety Report. Copies of the Bus Safety Reports will be sent to the parent, building principal and placed on file at the Transportation Department Office.

1st Offense: The student may be subject to disciplinary action, and written notice will be sent to the parent. The notice will inform the parent that if a second offense is committed, the student will be excluded from riding the bus for a minimum 5 school days. **For severe behavior problems, a student may be suspended from the bus immediately for the number of days determined appropriate by the principal.**

2nd Offense: A notice will be sent to the parent advising that the child is excluded from riding the bus for 5 days. The student may be subject to other disciplinary action.

3rd Offense: The student will be excluded from riding the bus for a period of 10 school days. The student will be subject to other disciplinary action.

4th Offense: The student will be excluded from the bus for the remainder of the semester. The student will be subject to other disciplinary action. Prior to the student being re-admitted to the bus in the next semester, the parent must contact the principal and give concrete assurance that the student's behavior will conform to rules and regulations.

DISCIPLINE REFERRAL PROCESS

The bus driver, Director of Transportation and campus assistant principals are each responsible for portions of progressive discipline aimed at correcting inappropriate student behavior occurring on buses. The progression of discipline is as follows:

Verbal Counseling: Drivers constantly monitor the behavior of their passengers and as such regularly provide oral guidance and reminders of appropriate behavior and applicable rules. This counseling may be accompanied by additional on bus consequences such as temporary seat assignments. Where minor infractions are not corrected or notable infractions occur, the driver will follow up the verbal counseling with documentation on the student's informal transportation discipline record. The date, behavior and discipline shall be recorded.

Written Referral: Where a significant misconduct occurs or continued documented verbal counseling has not been affective; the driver may initiate a written referral. The student will be told that a written referral is being submitted to the Director of Transportation. Upon receipt of a written referral, the Director of Transportation will obtain the necessary feedback from the driver of the bus. The Director of Transportation will then notify the assistant principal or designee who will investigate the violation. The investigation process is subject to include:

- Current referral piece
- Bus Driver communication
- Transportation Director communication
- Student's involved in the infraction and their role in the infraction.
- Student who witnessed the infraction
- Prior bus referral history that has been reported
- Prior disciplinary history

Suspension of Bus Privilege: After the parent/guardian has been notified of a first written referral and possibility of bus suspension, any subsequent written referrals may result in the suspension of bus privilege. Once the assistant principal or designee has investigated the referral and determined that suspension is warranted, the parent/guardian will be notified that the suspension will start the next school day. The first suspension will be a minimum of five days. The student may be subject to other disciplinary action.

Appeal Process: The student or parent of a student who has been suspended from receiving transportation entitlement may appeal a decision by submitting a formal written request to the respective administrator. Refer to FNG (LOCAL) for more information.
